Complete the number bonds and number sentences. Draw the cubes of the missing part.

$$15 = \underline{\hspace{2cm}} + 10$$

A large square frame containing a vertical column of 10 small squares, representing one ten rod. The rest of the frame is empty for drawing additional blocks.

$$\underline{\hspace{2cm}} + 8 = 18$$

A large square frame containing a vertical column of 10 small squares, representing one ten rod. The rest of the frame is empty for drawing additional blocks.

$$6 + \underline{\quad} = 16$$

$$1 + \underline{\quad} = 11$$
